Club News

Welcome to the March 2010 edition of the Prospectors & Treasure Hunters Newsletter

~~~~~

At our March meeting the program was presented by Pat Hallford.

Pat spoke a gold extraction method using water and a chemical additive. By adding the T6 chemical, the PH of the water falls below 7.0 and gold can then be filtered out.

A very interesting concept

Thanks Pat

~~~~~

Our "Find of the Month" winner for March 2010 was Mike Darnell, for Treasure Hunting. There was no prospecting entry.

Mike's find was a 1919 Buffalo nickel.

Congratulations Mike

ADOPT A PARK

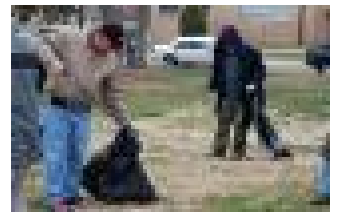

PROSPECTORS GROUP MAINTAINS GROUNDS AT STEPHEN F. AUSTIN

Members of the Amarillo Prospectors and Treasure Hunters Association Cleaned Stephen F. Austin Park in Amarillo, March 27, 2010.

The old cliché often rings true: One man's trash becomes another's treasure. But just as long as they claim it quickly.

If anyone throws trash on the ground at Stephen F. Austin Park, Prospectors and Treasure Hunters Association will promptly the park clean while club members scour the ground for coins and

"We adopted the park as our club service project," Mark Davey, recent cold and rainy Saturday morning at Austin Park. "We hope

the Amarillo dispense with it to keep other "treasures."

club president, said on a this is the beginning of

a long relationship with the city."

Amarillo Parks and Recreation Director Larry Offerdahl came out to the park, at the intersection of Elmwood Drive and Wimberly Road, to help the group, the latest community organization to maintain city parks.

"One of my jobs as the director is to speak to groups about the parks," Offerdahl said. "I spoke to them (Prospectors and Treasure Hunters) at one of their meetings, and they wanted to know what they could do to help."

Davey and club member Jim Nichols worked with Offerdahl, and together they chose Austin Park.

"We hope this is a long relationship between us and the parks," Davey said.

"We've always had a good relationship with the city. They let us on their land (with metal detectors) and it is a way to serve them in return."

Offerdahl was impressed with the group's dedication.

"The weather was awful, but they had about 11 guys out there who stayed for two hours," Offerdahl said. "They're a great group of guys. I think they enjoy it overall, and it's a great contribution to the park system."

The Amarillo Prospectors and Treasure Hunters Association is one of several organizations helping maintain the parks and give back to the community.

"The Boy Scouts have adopted McDonald Lake in John Stiff Park and another troop has adopted Medical Center Park," Offerdahl said. "The disc golf association adopted the disc golf course."

Volunteers can work with Offerdahl to create their own projects that benefit both them and the parks.

"We have groups planting trees and some who adopt the park and commit to one park."

The Amarillo Prospectors and Treasure Hunters Association is one of the organizations making a long-term commitment.

"We plan to meet at Austin Park at least every three months," Davey said.

Winners of our door prize drawings were Jim Nichols, Toby Cunningham, Rodney Laubhan, Tom Bragg & Kathy Bragg.

Visitors were Melody Hefley and Ken Rickerson

Remember, Tuesday, April 13th 9th at 7 PM is our next monthly meeting. Hope to see you all there.
